

Individuals:

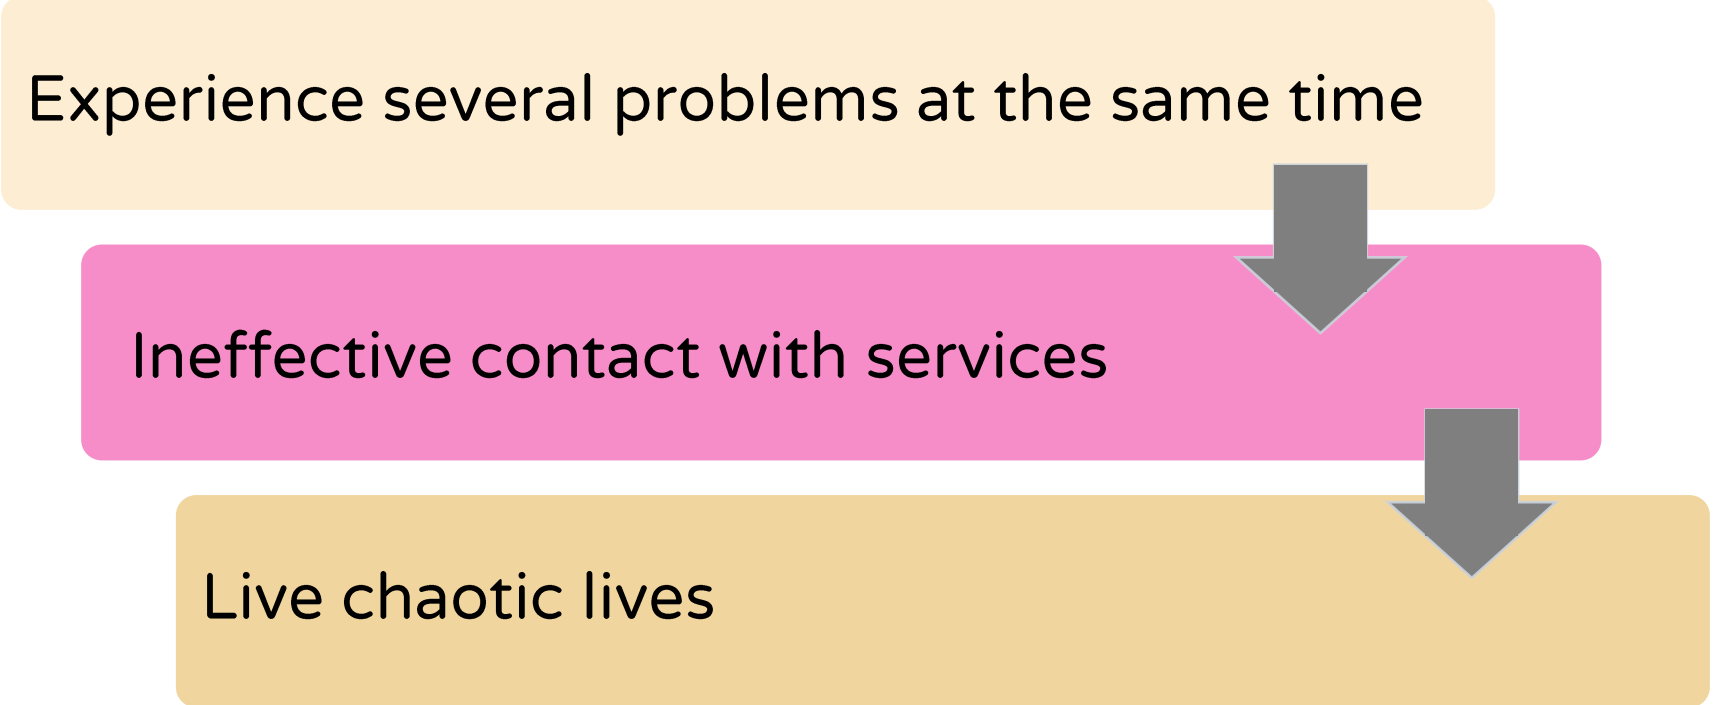

Services:

- Designed, commissioned and delivered in silos
- Often built around the needs of the service, not the individual
- Focus on deficits rather than strengths
- Lack a person-centred and trauma-informed approach
- As a result, can often add to people's problems

Multiple disadvantage

Experience several problems at the same time

```
graph TD; A[Experience several problems at the same time] --> B[Ineffective contact with services]; B --> C[Live chaotic lives];
```

Ineffective contact with services

Live chaotic lives
