The Greener Futures Partnership

Introducing the Greener Futures Partnership

The Greener Futures Partnership is a unique collaboration of five of England’s leading not-for-profit social housing providers: Abri, Anchor Hanover, Home Group, the Hyde Group and Sanctuary Group, which share the core objective of creating sustainable tenancies, homes and communities.

Greener Futures Partnership

Residential Decarbonisation

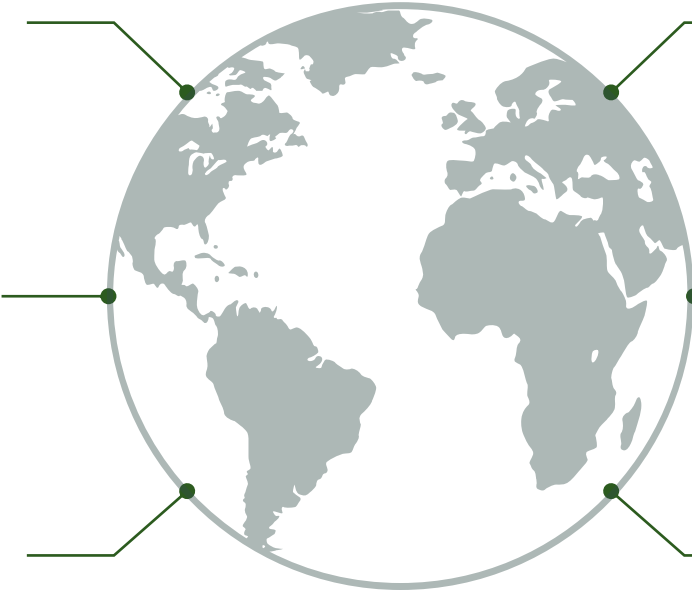

- 225 left behind communities (IMD)
- 1.6m social housing dwellings have poor energy efficiency ratings
- Uk Net Zero Strategy currently under review, widely accepted it must be improved
- Range of high-quality employment opportunities can be created; 500,000 jobs can be created through retrofit alone (New Economics Foundation)
- Cross-parliament interest in Net Zero
- Issues affecting most disadvantaged can be addressed through a national decarbonisation plan
