Whole system response Violence Prevention Model

<p>Prevent Serious Violence before it happens</p>	<p>Develop a series of interventions that prevents people becoming involved in county lines, group, or gang violence, carrying, or using a weapon or becoming involved in social media that leads to violent conflict.</p>
<p>Respond to emerging or immediate risks of serious violence</p>	<p>Co-ordinating a response, to reduce the immediate threat of county lines, gang, group, or weapon related violence.</p>
<p>Long Term Support</p>	<p>Co-produce interventions that offer routes out of violence conflict; strengthen communities to create an environment where serious violence is recognised and challenged; collaborate with health colleagues to embed violence prevention at the core of the long-term approach to the determinants of health.</p>

Identity – what is it and what influences who you are?

Is the person you show to others the person you want to be?

Can you Redefine you identity?

Your moral bar

- What is your moral bar?
- What values are important to you?

Why is understanding our Emotional Intelligence important?

What do we mean by emotions?

- love
- anger
- hate
- happiness
- Lust
- disappointment
- regret
- pleasure
- Guilt
- Fear
- Depression

Emotional Intelligence - the ability to understand and manage your own emotions, and those of the people around you.

People with a high degree of emotional intelligence know what they're feeling, what their emotions mean, and how these emotions can affect other people.

How does society shape you and how do you shape society?

What are the current issues that matter to you?

What are the big issues of our time?

Climate Change?

Cost of living crisis?

Ukraine?

Black Lives Matter?

Me to movement ?

Employment and skills that help you move up/out?

Gender definition

Why are they important to you?

What difference can you make?

Who can you influence?

Does what you do matter?

Are you a product of your environment ?

Seeing the world through the lens of others?

How would.....

Who is important to you?

What do you think they see as your best qualities and why?

If you verbally abused someone, how do you think the people observing you would feel about you?

If I saw someone being physically hurt and I walked away, how would I be judged

If I posted sexually explicit images of my girl/boyfriends how would my parents/guardian/someone close to me view me?
