BE PROUD TO SUPPORT LGBTQ+ REFUGEES

Who We Are

Say It Loud Club is the community of LGBTQ+ refugees and asylum seekers in the UK.

Our Vision

…is a world where LGBTQ+ people can express their sexuality and gender identity safely and with pride.

Until then, the UK should provide a place of safety for LGBTQ+ refugees and asylum seekers and…

Say It Loud Club will be a home from home, providing an environment in which everyone can flourish as their true self.

Our Work

Say It Loud Club works with people who self-identify as LGBTQ+ and are seeking (or have sought) asylum in the UK following persecution in their country of origin due to their gender identity or sexual orientation.

Community Driven

As a member-led community, guided by lived experience, we are uniquely well placed to understand the needs of and effectively support LGBTQ+ asylum seekers and refugees as they navigate the asylum system and build new lives in the UK.
